University of Minnesota

Center for Magnetic Resonance Research

Standard Operating Procedure

C104-03 - Connecting Macs to CMRR servers with terminal ssh

You must be connected to the CMRR network locally or remotely for this to work.

Open a Terminal Window

Open the Finder
Go to Applications -> Utilities
Double click on Terminal
Type commands into this window and press return after each one

Connect with ssh

Use your CMRR user id to connect.
In the terminal window type
ssh userid@range1.cmrr.umn.edu
The first time you connect to a new host, it will check the fingerprint and warn you.
Answer yes to approve the fingerprint and continue.

Log into the server

Enter your CMRR password to log in.

Log out of the server

In the ssh session, type
exit
to logout of the server.
If you lose connectivity to the network, your ssh session will stop working.
